

Nolan Associates Newsletter

Welcome to Nolan Associates first company newsletter. This newsletter is intended to inform our fellow professionals of recent project awards, completed projects and company events.

Wembley Central, London

Nolan Associates have recently completed the design of a 14 storey and 8 storey residential and retail blocks at Wembley Central for St Modwen Developments.

The refurbishment of the Wembley central station site was carried out in three phases.

The project involved a major refurbishment of an existing three storey reinforced concrete underground car park to enable the construction of a steel frame/lightweight frame over.

The multi storey apartment blocks were constructed in reinforced concrete frames with traditional flat slabs on piled foundations, the retail units were steel framed light weight construction.

The project was completed earlier this month by Carey Construction with Glancy Nichols being the Architects.

Handsworth Grammar School, Birmingham

Nolan Associates has recently completed the structural design of a series of new works at Handsworth Grammar School.

This exciting project was designed by Richard Johnson Associates and built by Benniman Construction. Nolan Associates was structural & civil engineer for the £1m redevelopment of Handsworth Grammar School.

The project involved creating a new mezzanine floor IT facility within an existing double storey gym height. The headroom was extremely tight and therefore shallow column section beams and single span metal floor decking was used to keep the construction thickness to a minimum. A new three storey classroom block was also created within

Handsworth Grammar School

the existing playground. The site was extremely tight but construction continued without any closure of the school facilities. Nolan Associates have been commissioned to design Phase 3 of the development.

Events

Nolan Associates Directors, Andy Williams and Nick Warwick, hosted a table at the Balfour Beatty Inaugural Scarlett Ball in aid of The Princes' Trust. The event was held at the Marriott Forest-of-Arden Hotel & Golf Club on Friday 25th Sept 2009, it was also Balfour Beatty's centenary anniversary.

Nick Warwick of Nolan Associates attended the Birmingham BSF skills pledge at Bovis Lend Lease Offices on 1st October 2009. Nolan Associates are committed to providing skills and training to school leavers as part of the Birmingham City Council School Projects.

Eddie Morse from Nolan Associates attended the Barbara Hargreaves Golf Challenge at the Little Aston Club in September. The event was attended by 30 local businesses who raised over £7000 for Breakthrough Breast Cancer.
